

PRODUCT INFORMATION

oilfino Finoplex EP 2

DESCRIPTION

oilfino Finoplex EP 2 is a high-quality universal long-term EP multi-purpose grease for use in plain and rolling bearings on grease lubrication points of motor vehicles and commercial vehicles, machinery, conveyor systems, construction machinery and industrial equipment.

PROPERTIES

By producing oilfino Finoplex EP 2 with high-quality base oils and thickeners made from lithium soaps in conjunction with rust and corrosion protection additives, it ensures very good flexing stability and is very suitable for most applications well suited. Special oxidation inhibitors and corrosion protection additives provide excellent rust protection, even when exposed to water. Very effective high-pressure additives enable a high level of wear protection of bearings, even under changing loads or vibrations.
