

PRODUCT INFORMATION

oilfino Finoplex EP 00/000

DESCRIPTION

oilfino Finoplex EP 00/000 is a high-quality grease that can be used in both industrial and automotive applications.

PROPERTIES

Due to the production of oilfino Finoplex EP 00/000 with high-quality base oils and thickeners made of lithium soaps in combination with rust and corrosion protection additives, it ensures very good flexing stability and is very suitable for use in central lubrication systems. Special oxidation inhibitors and corrosion protection additives provide excellent rust protection, even when exposed to water. Very effective high-pressure and adhesive additives enable a high level of wear protection of bearings, even under changing loads or vibrations.

SPECIFICATIONS

- DIN 5150: KP00K-50
- ISO 12924: L- XE (F) CCA00

RECOMMENDATIONS

- MAN 283 Li P 00/000 approval level
- MB 264.0 approval level

Specific Data	Method	Unit	oilfino Finoplex EP 00/000
NLGI Class	ASTM D 217		00/000
Condition			soft, very supple
Color			green
Thickener			Lithium
Dropping point	DIN ISO 2176	°C	>160
Walkpenetration	DIN ISO 2137	0,1mm	400-430
Behaviour against water	DIN 51807-T1		1
Compressive strength VKA value	DIN 51350T4	N	2000
Welding load			
Base oil viscosity at 40°C	ISO 12058	mm ² /s	40
Emcor WWO Salt Water	ISO 11007		max 2-2
Operating temperature		°C	-50 to +120
