

oilfino Finoplex EP 00/000

DESCRIPTION

oilfino Finoplex EP 00/000 is a high-quality lithium saponified multi-purpose fluid grease for all lubrication points supplied by central lubrication systems.

Considering this, it is recommended for heavy-duty plain and roller bearings in construction & commercial vehicles, tractors and conveyor systems.

PROPERTIES

By producing oilfino Finoplex EP 00/000 with high-quality base oils and thickeners from lithium soaps in combination with rust and corrosion protection additives, it ensures very good flex stability and is applicable for central lubrication systems. Special oxidation inhibitors and corrosion protection additives provide excellent rust protection, even when exposed to water. Very effective high-pressure and adhesive additives enable high wear protection of bearings even under changing loads or vibrations.

SPECIFICATIONS

- DIN 51502:
- KP 00/000 K-50
- MAN 283 Li-P 00/000 approval level
- MB 264.0 approval level
- Vogel central lubrication systems
