

oilfino Via Ultra Prosap C4 5W-30

DESCRIPTION

Oilfino Via Ultra Prosap C4 is a synthetic high-performance low friction engine oil with low-SAPS additive technology for modern passenger car engines. Product is designed for fuel saving purposes in partial as well as in full load operation and furthermore to reduce emissions.

PROPERTIES

This universal, fuel-saving low-SAPS engine oil is ideal for petrol and diesel engines with and without turbochargers in passenger cars and vans, with extended oil change intervals. Due to its special formulation this product perfectly fits to the requirements of Renault specification RN0720 and to automobiles with modern three-way catalytic converters and diesel particulate filters. The low SAPS content of this engine oil contributes to prolonging the life of the particulate filter in diesel engines. State-of-the-art additive technology ensures a reliable lubricating film at high operating temperature and maximum loads as well as excellent protection from wear and corrosion.

Warning:

With the lowest SAPS value this engine oil may be inappropriate for various engines.
