- a very good detergency and dispersion
- a very strong protection against wear, corrosion and foaming

APPLICATION

This synthetic, fuel economy, „mid SAPS“ motor oil is recommended for use in petrol and diesel engines, with or without turbo-charging, in passenger cars and delivery vans. Due to its low SAPS content this product can be applied in vehicles with modern three way catalyts and diesel particle filters. Due to its low SAPS content this motor oil contributes to the extension of the lifetime of particle filters for diesel engines. Due to its special composition this product can be applied in vehicles for which the specification Renault RN17 is prescribed. This oil is fully backward compatible with Renault RN0700 and RN0710.
