

oilfino Via Racing 10W-60

DESCRIPTION

oilfino Via Racing is a synthetic high-performance engine oil with SAE grade 10W-60. Synthetic components combined with innovative additive technology ensure compliance with current requirements. A very low evaporation tendency as well as stable viscosity behaviour is guaranteed by the synthetic base and usage of highly effective additives. Due to excellent shear stability and ageing resistance, it ensures lubrication of the engine for a very wide range of temperature.

PROPERTIES

oilfino Via Racing is a high-performance engine oil for demanding engines. It is recommended for passenger car, petrol and diesel engines, including multi-valve and turbo versions and for direct injection engines under all operating conditions.

SPECIFICATIONS

- API SN/CF
- ACEA A3/B4

PERFORMANCE LEVEL

- MB 229.1
- VW 501.00/505.00
- BMW M Series
- FIAT 9.55535-H3
